Lucky Boys Win Flight Trip

The first two jeep-loads are shown pulling up at Pa lo Alto Airport to give a critical once-over to the airplanes in which 24 of the lucky lads got free rides Saturday. Their tour included a flight over Redwood City.

County Cities Get Million From State

A total of $1,391,737 is available to San Mateo County and the cities in the county from the funds voted by the legislature under the California Construction and Employment Act, California Taxpayers' Assn. said Monday.

The act makes $646,959 available to the county, with $155,331 for roads only and $491,628 for roads and other purposes.

Allocations under the act to the cities in the county are: Atherton, $16,947; Belmont, $13,288; Burlingame, $141,580; Colma, $3144; Daly City, $85,490; Hillsborough, $24,399; Menlo Park, $28,938; Redwood City, $110,608; San Bruno, $57,902; San Carlos, $31,265; San Mateo, $172,338; South San Francisco, $58,879.

Under the terms of the act, $90,000,000 is appropriated to the cities and counties throughout the state on a matching basis; a county may apply for funds for road and highway construction projects up to an aggregate of $75,000 without matching.

Flight Over R.C. 'Tops' Airport Tour

It was a successful experiment.

That was the consensus of boys and leaders Tuesday following the first annual "Boys' Day at the Airport" last weekend, during which time 110 youths from this area descended upon the Palo Alto Airport for a tour of inspection and free airplane rides.

Highlight of the day's activities, the boys agreed, was the 40-minute ride over Redwood City, Stanford University, and Palo Alto.

Earl J. May, airport official, herded the youths to the airport in jeeps.

Mgr. Harry White supervised a tour of facilities, during which Jack Nystrom showed the boys the maintenance shops and explained their operations, while Larry Hunt explained the parts and supply department.

The event was sponsored by the Rotary Club of Palo Alto.

Coastside Vets To Get Assistance

San Mateo County veterans' service officer Floyd D. Granger announced Wednesday that he will tour the Coastside towns Sunday to assist veterans residing in that area to complete their terminal leave pay forms and to notarize these papers.

Granger said he would be at the Half Moon Bay firehouse at 9 a. m. Sunday, and will later be at Peterson and Alsford's store in San Gregorio at 11:30, William's store in Pescadero at 1:30, and the La Honda store at 3 p. m.

Veterans desiring this service are urged to present themselves at the designated buildings, and are advised to bring discharges and other documents with a bearing on facts required in making out the applications, Granger said.

Granger said he will also explain new rulings affecting on the job training and insurance, and will assist veterans on any problems affecting their rights and benefits under the Veterans Administration and the State of California.

Departure of More Nurses Creates Hospital Problem

With departure Monday of four more nurses from the county Community Hospital in San Mateo, the nursing staff there now has lost 16 staff members and now has only 15 nurses, split into three shifts, to care for 90 patients.

Inasmuch as each nurse has a day off weekly the total number for each shift is further depleted.

Hospital authorities admitted Tuesday that the situation at the county institution has reached a serious stage, despite recent action by the Board of Supervisors in increasing salaries for nurses.

The new salary raise, which became effective Monday, provides salaries starting at $201 monthly and increasing yearly until, at the end of a five-year period, staff nurses receive $252. It had been hoped that the new increase would result in the hospital staff being recruited to full strength of 31 nurses. However, up to noon today, not a single application had been received.

Because of the acute shortage, the lowered staff is working 48 hours weekly, but receiving an extra day of pay for the additional eight hours. When the staff is recruited to full strength a five-day work week will become effective at the salary range of $201-252 monthly.

Nurses who severed their connection with Community Hospital last weekend are Helen Patterson, Mrs. Josephine Slattery, Mrs. Margaret Regal and Miss Sophie Hannan.

Miss Patterson is said by associates to have flown to Reno Monday to be married. Miss Hannan resigned to return to her home in the East.

Nurses Slattery and Regal accepted offers of positions, at higher salaries, in a Honolulu hospital and will be on their new jobs there this coming week.

The local hospital is also seeking a new orderly for the isolation ward.

R.C. Flier Scores During Air Races

Capt. Donald E. Eberhardt, 24, son of Mr. and Mrs. Frank O. Eberhardt, 910 Vera Ave., flew an average of 69.8 m.p.h. Sunday at the National Air Races in Cleveland, O.

His speed, however, did not match the 578.36 miles an hour posted by Lt. William J. Reilly, 25, of San Francisco.

Both pilots were part of a group of six army pilots who flew Lockheed P-80 Shooting Stars in two trips over a measured mile course. They flew the distance from two directions to offset the advantage of winds.

Fastest single mile was flown by Lt. John J. Hancock, 26, of Wichita, Kan., who flew the distance in 611.725 miles an hour. Hancock's average was pulled down by a 566.751 upwind leg.

During the war, Eberhardt downed six Nazi planes. Shot down behind German lines, he was hidden by French underground members until American ground troops had captured the town in which he was hiding.

While flying with the Ninth Air Force he was awarded the Distinguished Flying Cross, the Air Medal with eight Oak Leaf Clusters, the Purple Heart and five battle stars, including ones for D-Day and the St. Lo breakthrough.

He was one of five brothers who entered the armed forces.

Gambling Trial in S.C. Sept. 20

John Nigro and William Nunns, who were arrested Friday in San Carlos for alleged bookie operations at Bill's Windmill, highway bar and restaurant owned by Nunns, were arraigned Tuesday before Judge Rupert Johnson of the San Carlos City Court.

James T. O'Keefe Jr., attorney for the pair, waived reading of the arraignment charges, and Sept. 20 in the San Carlos City Court was tentatively set as the time and place for preliminary hearing.

The arrest of Nigro and Nunns Friday was the first direct action in a threatened county-wide crackdown, and attracted public attention to violations of gambling laws in Redwood City, Belmont, San Mateo, San Bruno, Daly City and South San Francisco.

State Deputy Sued for Divorce

Neil Cunningham of San Carlos, deputy attorney general, Wednesday was sued for divorce by Constance R. Cunningham.

In a complaint filed in superior court here, Mrs. Cunningham asked a decree on grounds of extreme cruelty, $125 monthly support for each of their two children, Ann, 14, and Kay, 13, and $10 monthly support for herself.

She also asked court approval of a property settlement made Aug. 28 which provides for disposition of securities and the home at 224 Park Ave.

The couple was married in Claremont May 2, 1929, according to the complaint.

S.F. Man Jailed Here As Two Women Claim Attack; Girl Also Held

Two reports of rape were being investigated by the sheriff's office Monday.

John Daniels, 25, Negro, of 1372 McAllister St., San Francisco, was jailed on an investigation charge early today after Daly City police took him into custody with two white women.

The two women, and a 15-year-old girl companion who reported the incident to police, were being held by authorities here until the investigation is concluded. The girl is detained at the juvenile home.

Chief Dep. Sheriff Walter H. Moore said that according to statements by the women, Mrs. Susan Montgomery, 25, of 1239 Golden Gate Ave., San Francisco, a waitress, and the girl, met Mrs. Kay Lopez, 28, a telephone operator of 1715 McAllister St., and were en route to their homes when they accepted a ride with Daniels.

He drove them to Colma where the 15-year-old left the car and went to police.

Mrs. Lopez was clad only in a blouse, coat and shoes, when she was brought to Redwood City.

San Francisco police informed Moore today they held a suspected rapist on complaint of Dorothy Wagner, 466 33rd Ave., San Francisco, and that they had the names of two other men who allegedly attacked her Saturday night just south of the San Mateo County line. Deputies here are investigating.

R.C. Man Reports Theft of Automobile

Theft of an automobile was reported to Redwood City police Sunday by Giueseppe Temperani, 3001 El Camino Real.

Temperani said he had parked his vehicle with the keys still in it in front of his residence and that it was taken between 5:30 p.m. and 7:30 p.m.

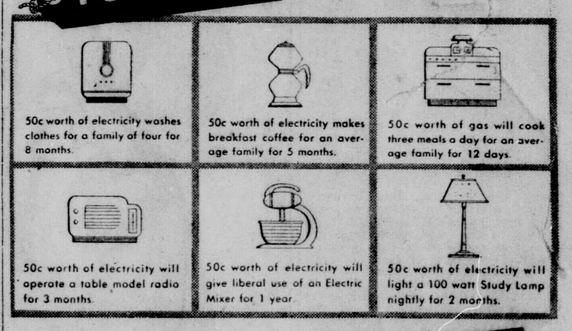
BARGAINS IN THE HOME!

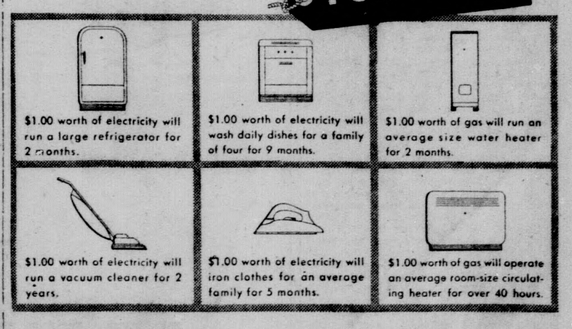
We are not going to talk about the rising costs of ham and eggs, socks and shirts these days. But we do want to point out what a big dollar's worth you get when you buy and use Gas and Electricity in your home.

FOR 50c



50c worth of electricity washes clothes for a family of four for 8 months.
50c worth of electricity makes breakfast coffee for an average family for 5 months.
50c worth of gas will cook three meals a day for an average family for 12 days.
50c worth of electricity will operate a table model radio for 3 months.
50c worth of electricity will give liberal use of an Electric Mixer for 1 year.
50c worth of electricity will light a 100 watt Study Lamp nightly for 2 months.

FOR $1.00



$1.00 worth of electricity will run a large refrigerator for 2 months.
$1.00 worth of electricity will wash daily dishes for a family of four for 9 months.
$1.00 worth of gas will run an average size water heater for 2 months.
$1.00 worth of electricity will run a vacuum cleaner for 2 years.
$1.00 worth of electricity will iron clothes for an average family for 5 months.
$1.00 worth of gas will operate an average room-size circulating heater for over 40 hours.

The Cost of Gas and Electricity has gone DOWN and DOWN

$1 WORTH OF GAS NOW 27¢

$1 WORTH OF ELECTRICITY NOW 65¢

Like steps down to a Bargain Basement — that's how the price of gas and electricity for home use has gone down.

FIVE TIMES your electric rates have been marked down since 1930 for a total reduction of 35 per cent.

SEVEN TIMES since 1930 the cost of gas has been stepped down for a total reduction of 73 per cent.

Yes, it costs more to produce and distribute gas and electricity today — much more — but there has been no inflationary rise in our rates to the average home customer.

Bayshore Freeway Condemnation Okehed

A final order of condemnation of Belle Haven City property sought by the state for Bayshore Freeway rights of way was filed Tuesday with County Clerk William H. Augustus.

Judge Clark Clement signed the order which terminates the claim of David D. Bohannon, Peninsula developer and owner of the property, who asked $46,500 for the parcels.

In a jury trial heard before Andrew Schottky recently, Bohannon was awarded $6350 for the property.

The order was signed by Judge Clement Friday before he returned to his bench in Kings County.

Mrs. Donovan Seeks Divorce

The parents of Virginia Donovan, 18, Woodside girl who lay in a comatose condition for 76 days after a Dec. 11, 1943, traffic accident, Tuesday sought a divorce in superior court here.

Mrs. Artie Donovan charged Arvil F. Donovan, owner of a Canada Rd. quarry, with extreme cruelty, and asked a divorce decree, $150 monthly support for herself and the daughter who is in a "paralyzed and helpless condition" as a result of the accident, and half of community property and costs.

The couple was married in Malta, Tex., Mar. 3, 1924, the complaint stated.

Five R.C. Men to Report For Induction Sept. 17

Five Redwood City men, representing the draft board's September quota, received notices Tuesday to report to Camp Beale for induction Sept. 17, selective service board head George Paul announced Wednesday.

The five, who range in age from 20-27, are John A. Dempsey, Albert Bickerstaff, Alen Stockton, and George Rathjen, a transfer from a St. Paul, Minn., board.

Redwood City's quota for October has not yet been determined, Paul said.

As the draft machinery rolls into action after a two-month summer vacation, selective service officials are faced with a problem. The army has asked for 185,000 men between now and Mar. 31, 1947, when the draft expires. Draft Dir. Lewis B. Hershey, however, estimates that there are no more than 155,000 men 19-29 available.

Officials have said they expect no trouble meeting quotas during September and October. But from October on prospects are considered not too bright.

Reducing the potential pool of eligible men most drastically was Congress's stipulation that 18-year-olds shall be exempt. The exemption of fathers and of full-time, essential and irreplaceable agricultural workers also have reduced the draft potential.

These other groups also are exempt, but their numbers are comparatively small; experienced construction workers (there were few apprentices during the war and many experienced workers are fathers), students in veterinarian, medical, dental and osteopathy schools, graduate students of the physical sciences and college professors.

S.C. Police Judge Hikes Driving Fines

The fine for drunk and reckless driving in San Carlos has been raised from $100 to $150, Judge Rupert Johnson announced Tuesday.

Judge Johnson said that other Peninsula cities charge as much or more for such offenses, and expressed the hope that the higher fine may be more effective in deterring violations.

James M. Marramore, of the Hitchrack, Canada Rd., Woodside, appeared before Judge Johnson Tuesday morning as the first offender since the new fine went into effect.

Marramore was arrested on El Camino Real at 8 p. m. Sunday, by San Carlos police officer Robert Cole. Judge Johnson reduced his offense from drunk driving to reckless driving, and fined him $150, with $50 suspended.

PUBLIC NOTICE

Samuel M. Roeder, Atty.
Notice of Sale of Real Property
No. 13090—Dept. 1

IN THE SUPERIOR COURT OF the State of California, in and for the County of San Mateo.

In the Matter of the Estate of MARCUS ZILVERSMIT, also known as M. ZILVERSMIT, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned, Administrator with the Will Annexed of the estate of MARCUS ZILVERSMIT, also known as M. ZILVERSMIT, deceased, will on or after SEPTEMBER 17, 1946, sell at private sale, to the highest and best bidder upon the terms and conditions hereinafter mentioned, and subject to confirmation by the said Superior Court, all the right, title and interest and estate which the above named decedent had at the date of his death, as well as all the right, title, interest and estate which has by operation of law or otherwise accrued in the above entitled estate of said deceased since the date of his death, in and to the following described property, to-wit:

An undivided three-tenths (3/10ths) interest in and to all that certain real property situate in the County of San Mateo, State of California, and described as follows:

BEGINNING at the most Westerly corner of that certain 307.77 acre tract of land designated as Lot 2 on the map entitled "MAP OF THE LANDS OF J. M. Vasquez, part of the Rancho Corral De Tierra Vasquez," filed for record January 2, 1886, in Liber "A" of Maps at page 44 and a copy entered in Liber 1 of Maps at page 63, Records of San Mateo County; thence from said point of beginning and running along the Northwesterly line of said Lot 2 above referred to, North 41° 00' East 8.00 chains; North 45° 00' East 9.50 chains; North 26° 00' East 42.56 chains to the Southwesterly corner of Lot 4, as shown on the above mentioned Map; thence along the dividing line between said Lots 2 and 4, North 64° 00' East 17.00 chains to a point in the center line of Frenchman's Creek; thence up said creek, following the center line thereof, the following courses and distances: North 8° 30' East 1.52 chains; North 22° 30' East 3.07 chains; North 36° 45' East 2.11 chains; North 69° 15' East 0.53 chains; North 38° 15' East 0.70 chains; South 88° 00' East 1.33 chains; North 44° 15' West 1.00 chain; North 40° 30' East 2.02 chains; North 7° 00' West 0.92 chains; South 89° 30' West 0.76 chains; North 9° 30' West 1.85 chains; North 70° 00' West 1.07 chains; North 22° 45' East 3.92 chains; North 33° 30' West 2.85 chains; North 24° 45' East 4.91 chains; North 19° 00' East 0.80 chains to the most Southeasterly corner of Lot 3, as shown on the map above referred to; thence along the dividing line between Lots 3 and 4, as shown on said Map and running due West 16.50 chains to the most Southwesterly corner of said Lot 3; thence along the Westerly line of Lot 3, North 10° 30' East 54.21 chains to the most Northerly corner of said Lot 3, said last mentioned point being on the Northeasterly line of the Rancho Corral de Tierra Vasquez, as shown by United States Survey; thence along said Northeasterly line of the Rancho, North 47° 21' West 30.70 chains to the most Easterly corner of the lands formerly belonging to Byrnes and Harloe; thence along the Easterly line of the lands of said Byrnes and Harloe, South 10° 30' West 135.79 chains, more or less to the Southeasterly line of Alto Avenue, as said Avenue appears on that certain map entitled "Map of Miramar Terrace," filed for record February 19, 1906, in Liber "B" of Maps at page 42 and a copy entered in Liber 4 of Maps at page 12, Records of San Mateo County; thence along the said Southeasterly line of Alto Avenue, South 62° 30' West 22.81 chains, more or less to the most Northerly corner of that certain tract of land containing 1 acre, conveyed by Pietro Belli and Elodia Belli, his wife to Alberto Martini, by Deed recorded February 24, 1912, in Liber 209 of Deeds at page 287; thence along the Northeasterly line of the property so conveyed to Martini, South 31° 30' East 218 feet to the most Easterly corner of said Martini property and thence along the Southerly line thereof, South 62° 30' West 200 feet, more or less to the Northeasterly line of the Main County Road leading from Spanishtown to Amesport Landing and thence along said line of said Road in a Southeasterly direction, a distance of 24.39 chains, more or less to the Northwesterly line of the property conveyed by Pablo Vasquez to Martin Joseph, by Deed recorded June 27, 1873, in Liber 20 of Deeds, at page 336 and thence along the Northwesterly line of the property so conveyed to Joseph, North 51° East to the Southwesterly line of Lot 2, as shown on the Map first hereinabove referred to and thence along the said Southwesterly line of Lot 2, North 40° 45' West 6.48 chains to the point of beginning.

TERMS AND CONDITIONS OF SALE: Cash in lawful money of the United States of America; 10% of the sale price to be paid upon acceptance of offer and the balance to be paid on confirmation of sale by the Court.

All bids and offers must be in writing and may be delivered to the undersigned Administrator with the Will Annexed, or left at the office of its attorney, Samuel M. Roeder, 111 Sutter Street, San Francisco 4, California, or may be filed in the office of the Clerk of said Court above named at any time after the first publication of this notice and before the making of said sale.

Dated: August 20, 1946.

WELLS FARGO BANK & UNION TRUST CO., Administrator with the Will Annexed of the Estate of Marcus Zilversmit, also known as M. Zilversmit, deceased.

By- BRIAN E. GAGAN, Trust Officer.

YOUR Lucky MEN OF THE WEEK!

. . . He'll Buy You Caviar or Hardtack

JANVIER T. LEE buys the grocery products for the entire Lucky Store chain. We know it's Lucky for us (and customers have said it's Lucky for them) that Janvier Lee learned what the public likes to eat when he was a Lucky Grocery Clerk in 1934. For knowing that, and other things, he was promoted to Assistant Store Manager, Manager, and finally to his present position.

He lives in wedlock at 6720 East 14th Street, Oakland. He is 32 years old. Hunting, fishing and swimming are his hobbies.

. . . He Teased Your Palate and Pleased Your Purse!

LAWRENCE GHIGLIONE is Head Buyer and in Charge of All Produce Operations for the entire Lucky Chain. He holds the job because he can look at produce ranging from cabbage to the gourmet's treasured asparagus and tell whether it's fit for your table. It was Lucky for us we discovered this talent when he was a Produce Clerk in 1931, for it led to his first promotion as Produce Department Manager. Before being promoted to his present position he was Supervisor of Produce Departments. He is married, 40 years old, and has two children. He owns his home at 2259 100th Avenue, Oakland, where you'll find fishing tackle and guns, evidence that his hobby is fishing and hunting.

. . . He Believed in a White Meat Market

WALTER CLEARY came with us as a Butcher in 1942. He believed that meat should be scrupulously clean and look appetizing even in its raw state and that his customers should have his friendly assistance in making choice and economical selections. This was Lucky for us as it gave us a Manager of a Meat Department and, now, Supervisor of Meat Departments—Walter Cleary.

He is 35 years old, has a wife and son and his own home at 604 Kearny Street, El Cerrito. Not satisfied with knowing about meats, we understand he swims like a fish.

*This is one of a series of biographical sketches of the men who have made Lucky Stores the favorite shopping places of Northern California.

State Votes Sewage Plant Funds Here

Redwood City's new sewage treatment plant was ready to come off the drawing boards Wednesday.

The California Allocation Board announced that it had granted $110,608 for the project from a $90,000,000 state fund. The city council Tuesday ordered City Mgr. E. W. Blom to proceed with a contract by which San Mateo County will put up another $142,587. The city will put up the remaining $243,042 towards the $496,237 plant from a civic improvement bond issue voted in 1944.

Blom said Wednesday, plans for the project would be ready for a final review within the next few days. He added that a total of $300,000 was set up in the 1944 bond issue for the project and that the difference between the $243,042 and $300,000 will be spent by the city for trunk line sewers to feed the plant.

The county fund will provide for the feeding of sewage from the North Fair Oaks Sanitary Dist. into the city plant. The sanitary district is in unincorporated areas.

Blom said that construction would get under way as soon as materials and equipment are available. He could not predict an early ground breaking, however.

In explaining the proposed contract with the county last night, Blom said that approximately 30 per cent of the plant's construction cost would be carried by the county and that the other 70 per cent would be put up by the city. The city, he said, would retain control of the plant.

Once the plant is in operation, he continued, meters will be attached to sewers to measure the flow. Costs of operating the completed plant will be divided between the city and the district on the basis of flows.

The completed plant will provide primary treatment for sewage. Liquids will be separated from solids, treated and dumped into Steinberger Creek. Solids will be treated, dried and sold as fertilizer.

The project is one of many ordered for San Francisco Bay Area cities by the state legislature. In time, it is predicted that bay waters will be fit for swimming. Only a few of the bay cities at present treat their sewage. Most dump it raw into the bay.

Willis Frost, engineer in charge of drawing the plant plans, said that such dumping of raw sewage into the bay did not present a sanitary hazard inasmuch as salt water and tides carried off germs. He maintained, however, that the sewage plants will end the unpleasant odors which at present plague the cities.

Thieves Raid Subdivision

Theft of hard-to-get building supplies valued at $3000 from Menalto Park was being investigated by deputies from the San Mateo County sheriff's office Wednesday.

Earl M. Berendsen and H. H. Pearson reported the theft to Chief Dep. Sheriff Walter H. Moore Tuesday afternoon, upon discovering the theft which had occurred during the three-day holiday weekend.

The thieves took six 20-gallon water heaters, 5000 board feet of six-inch rustic, sinks, kitchen cabinets, widow sashes, and other supplies, the two contractors reported.

Last April, Berendsen and Pearson reported theft of a truck-load of window cases which, they said, climaxed a series of small thefts from their development.

At that time, they said other Peninsula builders had been victims of highjackers whose haul, in most instances, had been in small amounts and had not been reported to law enforcement agencies.

Berendsen and Pearson told Moore the houses, from which the stolen materials had been taken during the weekend, had not been locked, because of their stage of construction.

Delays in replacing the missing items will slow completion of the homes, they said.

County CSC Adopts New Rating Plan

County civil service commissioners, meeting Tuesday at the George Keystone Ranch in La Honda, adopted a new performance rating plan, agreed to require physical examinations of all permanent appointees and approved a new overtime policy, Secy. Russell J. Cooney said Wednesday.

Adoption of the Probst Service Rating Plan will eliminate percentage ratings, and will require rating officers only to check qualifications. Scoring will be done in the civil service office, Cooney explained.

He said the new system would require less time, and "shouldn't make any difference" in present ratings of employes.

The commission agreed to require medical examinations for all candidates certified from eligible lists for permanent appointment, he said. Formerly, only some classifications required the examinations.

A change in the overtime will grant time off in lieu of overtime payments for holiday work, Cooney said. Employes working on holidays may accumulate extra time for their vacations, he explained.

The board approved eligibility lists for the positions of planning architect secretary, designing engineer, planning assistant, surgical nurse, communicable disease nurse and deputy sheriff.

FACES DRIVING CHARGE

James Murnane, 64, Hassler Health Farm employe, was booked at San Mateo County jail Monday night by Redwood City police on a charge of drunken driving. He was arrested at 9 p. m. yesterday on El Camino Real and later released on $150 cash bail.

Cultivation Is Easy if Done Before Weeds Grow

Cultivating to Kill Weeds Before They Start.

Soil cultivation takes but a few minutes per week, yet pays off with real dividends. One of the most important objectives obtained through constant cultivation is a minimum amount of weeds. There are almost always large amounts of weed seed lying dormant in the soil. When plants are set out or if the soil is disturbed in any way these weed seeds start to sprout. It's much easier to eradicate them while they're still young. There are certain weeds which develop an extremely strong tap root that may penetrate through the soil for several feet. Such a plant will rob your ornamentals of the moisture and food essential to their well-being. In other words, the weeds will prosper, the valued plants will die out.

Shallow cultivation is sufficient to eradicate all weeds in the younger stages. It's only when the weeds become established that deep cultivation will be required. You should start cultivating for the purpose of hacking out weeds just as soon as it is possible to distinguish between the weeds and your other plants.

Cultivation also forms a dust mulch on the surface of the soil which conserves moisture, and prevents the ground from becoming caked in the hot sun. Hand cultivators may be used quite effectively for most garden purposes. The modern cultivators are streamlined and balanced so there is very little strain in using them even for several hours at a time. However, such a prolonged session is not necessary if you get after the weeds by cultivating the soil from week to week.

Supervisors Plan Extra Meetings

Edward R. McDonald, chairman of the board of supervisors, announced Wednesday that the board would meet in adjourned meetings after the regular meetings held on the first and third Tuesdays of the month in Redwood City.

He said pressure of increased business necessitated the adjourned meetings.

Tuesday's meeting was adjourned to next Friday morning when the board will discuss the law passed by state legislature regarding taxes to be levied for crippled children.

Hearne Describes Trip to Canada

James P. Hearne, Redwood City business man who returned recently from a 14-day trip to Ottawa, described his journey to the Redwood City Exchange Club Tuesday night. Hearne's brother, the Hon. John Hearne, is Irish minister to Canada.

The speaker drew a parallel between the desire of Quebec for independence within the Canadian commonwealth to the independence of North Ireland. He predicted that only by uniting Ireland could the British Empire cancel the precedent which he believes Quebec desires to follow.

Sequoia Faculty Meets Monday

Registration of new students at Sequoia High School continued Wednesday with an increase in registration over Tuesday's total of 41, Supt. A. C. Argo reported Wednesday morning.

A preliminary teachers' meeting is scheduled for Monday at 2 p.m., at which time Dr. John C. Almack of Stanford will tell the teaching staff of Sequoia something about the survey he is making on the school, Argo said.

Dr. James Thornton will speak on the curriculum for the new year, and Mr. Harvey Hall will outline the program of the Associated Teachers of Sequoia. Argo said that he would add some brief remarks on Sequoia's 1946-47 program.

A meeting of the commissioners of the high school will be held at 10 a.m. Monday, Argo said.

The commissioners will discuss the program of the student body for the coming year, and will arrange their part in the registration for next Tuesday.

'Bill' Werder First To Finish Chest Work

City Councilman W. M. (Bill) Werder Wednesday became the first Redwood City Community Chest worker to complete his 1946 Campaign assignmen. According to Martin J. Flynn, chairman of the advance gifts committee, Werder contacted all of the persons assigned to him and turned in $1165.

Flynn said he hoped to complete the work of his committee this week.

Bonds Awarded For School Unit

The $130,000 worth of bonds to finance the construction of a new school unit in the Las Lomitas School District in Atherton have been bought by the Bank of America at an interest rate of 1.6634, the office of San Mateo County Treas. A. H. Sagehorn announced Wednesday. Bids were opened by the board of supervisors yesterday and the Bank of America's offer was determined to be the bid giving the lowest rate of interest.

According to Charles H. Niederhauser, principal of the Las Lomitas School, construction of the six-room addition to the school will not begin until after the first of the year.

He explained the delay is due to the necessary legal routine which must be observed. The plans for the building are now before the state architect's office for his approval.

Man Arrested Here On Youth's Charges

Charged with contributing to the delinquency of minors, Alvah C. Hodges, 39, Room 320, Sequoia Hotel, was in the San Mateo County jail Monday.

Police Lt. S. D. Wood said that he had been arrested on a complaint of a 9-year-old boy who claimed Hodges had lured two youngsters to his room on the pretext that he was blind and needed assistance.

The electroplater was arrested Saturday.

Students Register For Fall Term

Supt. A. C. Argo said Tuesday he expects an unprecedented number of new students to register at Sequoia High School this week, possibly pushing the school's enrollment past the 2000 mark.

Registration of new students for the term which opens next Tuesday started today, and "15 or 20" new students had registered early Tuesday morning, Argo said.

New students who have not registered should do so between 9 a. m. and 12 noon or 1 to 4 p. m. tomorrow, Thursday or Friday in the school library, Argo stated.

Insurance Man Faces Drunk Driving Charge

Charles M. Golla, 52, 608 Alameda de las Pulgas, insurance agent, was booked at the San Mateo County Jail Tuesday night by Redwood City police on a charge of drunken driving leading to an injury accident.

Police Lt. S. D. Wood said that Golla's automobile collided with a car driven by Jimmie Fisher, 45, Richmond, on Bayshore Hwy. at Brewster Ave. Slightly injured in the crack up, besides the drivers, were Florence Jackson, Helen George and Betty Fisher. All were riding with Fisher and were taken to the Community Hospital for treatment.

Golla was released from jail Wednesday morning on $20 cash bail.

Mother Abandons Three Children

Mrs. Ianthe Young, 25, of Box 286A Mission Rd., Colma, was held at the county jail Tuesday and her three children were in the custody of juvenile authorities after neighbors complained the infants had been abandoned for four days.

Authorities were slated to question her this week and were attempting to locate her husband.

Probation Officer John S. Cowgill said neighbors, who had been caring for the children, reported her absence from home to his office.

Two of the children, 4 and 5 years, were taken to the juvenile home, while a 3-month-old baby was taken to Community Hospital.

Report of Cycle Over Cliff Exaggerated

Report of a motorcycle over the cliff near Thornton Beach Monday sent California Highway Patrol Officer Richard Stacks and a San Mateo County ambulance crew to the scene.

San Francisco police, who radioed the report to the San Mateo County CHP office, said a crowd of persons would mark the scene.

Stacks returned to his office with report that neither he nor the ambulance drivers could find a motorcycle or its rider. However, he said, they encountered hundreds of people—all enjoying a holiday at the beach.

$100,000 in Prizes At Cow Palace

More than $100,000 in cash prizes and premiums will be offered at the 1946 Grand National Livestock Exposition, Horse Show and Rodeo, to be held at the San Francisco Cow Palace Nov. 15-24, Gen. Mgr. C. B. Afflerbaugh announced Tuesday.

Spectators at the giant arena just off the Bayshore Hwy. at the north end of San Mateo County will be treated to four shows in one, he said. At the livestock exposition, exhibition, competition and sale of 3500 head of cattle, sheep and swine, will be featured.

Approximately 400 of the West's finest horses will compete for the $25,000 horse show prizes, and cowboys from all over the country will enter the rodeo. The fourth attraction will be thrilling circus acts, to be held in the 12,000 capacity arena.

Anderson to Speak In San Mateo Sept. 16

Congressman Jack Z. Anderson will be the speaker at a dinner meeting in San Mateo Sept. 16 at 7 p.m. of the newly organized Association of Officers of the Naval Services of San Mateo County.

Frank B. Ingersoll Jr. of San Mateo, acting chairman of the association, announced Tuesday Anderson, member of the House Naval Affairs Committee, had accepted an invitation to speak at the first dinner meeting of the association of navy, coast guard and marine reservists.

Tasty Vitamins Insured By Succession Salad Crops

Thin Out Leaf Lettuce to Grow Mature Plants of Top Quality.

Crisp, tender salad leaves, of the varieties which the world's best cooks insist upon for their bowl salads, are definitely not among the vegetables which can be shipped long distances to market.

Only the home gardener can enjoy them at their best; and since they so conspicuously unite luxury quality and high nutrition value, a bowl salad programme should be adopted by every amateur who has a vegetable plot. Lettuce, of course, will be principal item on the list, preferably leaf lettuce or romaine, whose tender green leaves have forty times the value in Vitamin A, compared with bleached head lettuce. It can be sown as soon as the ground has been prepared and since leaves can be used when they are two inches wide, it will be ready within thirty days.

When summers are too hot for good lettuce, endive, either the curly leaved, or the broad leaved type called escarolle, will take its place. Escarolle takes 90 days to mature, so it should be sown when the first lettuce is put in, to be ready in midsummer. Three sowings of lettuce and two of endive can be made during the spring in many sections, each planned to take care of family needs during the six weeks' period when the crop from one sowing remains in good condition. Both can again be sown in late June or July, to produce for the late summer and fall, when the harvest will be longer. The endives improve in flavor after frost comes.

Romaine, or cos lettuce, produces oval leaves, standing upright, and is highly esteemed by French salad experts. It is a good late lettuce, standing heat better than the leaf varieties. The leaves can be bleached by tying them up as they near maturity, but this merely changes their color, and lessens their vitamin content.

Lettuce and endive should be thinned out to stand six to ten inches apart as they mature. Most of the thinnings can be used, but the highest quality will be found in the mature plants.

Leaf crops grown in a similar manner, and much esteemed in bowl salads, include corn salad, which is very hardy and can be harvested late in the fall; and upland garden cress, which gives a pungent flavor to the salad.

In the fall Chinese cabbage leaves are delicious. Chinese cabbage may be grown in the spring, with rich soil and an early start. But in midsummer, it always runs to seed. A late crop has no such tendency, and heads are easily produced in the fall, from plants started in late June.

All leaf crops demand rich soil. They must grow fast without check, otherwise the leaves are tough and have a bitter flavor. Plant food should be applied to the soil in which they grow at the rate of 4 pounds to 100 square feet.

TB Association Has Job Of Educating County People

Educating the people of this area of the facts behind tuberculosis is the job of the San Mateo County Tuberculosis and Health Assn., Mrs. Ruth Close, executive secretary of the organization Tuesday told members of the Redwood City Rotary Club.

Mrs. Close explained that along with educating the people, the association brings to San Mateo County the most modern techniques, equipment and treatment methods in the care of tubercular patients.

Mrs. Close also explained that the county organization which is beginning its 10th year this month under her guidance, has jumped from a $4000-a-year to a $30,000-a-year function and that the goal for 1946-7 will be $37,500.

"During the next year," Mrs. Close said, "we plan to give 20,000 chest X-rays and to attempt for the first time a case registration of persons suffering from tuberculosis."

In the past 12 months the association has given 16,000 X-rays to children and adults throughout the county as part of its free service.

Funds for carrying on this enterprise, Mrs. Close explained, comes entirely from the sale of Christmas seals.

Mrs. Close also pointed out the part played by the group during the war. Prior to the government's installation of an X-ray examination, the association provided such tests for all men called up for induction in San Mateo County.

Mrs. Close was introduced by Dr. James Greenwell, director of Canyon Sanatorium, county tuberculosis facility.

Millbrae Seeks To Incorporate

A fight over the Mills estate appeared Tuesday as the Millbrae Incorporation Committee, through its attorney, J. A. Branson of Burlingame, presented to the board of supervisors a petition of 1100 names for incorporation of Millbrae. The proposed incorporation would make Millbrae the 13th municipality in the county.

Branson said the names represented 75 per cent of the property owners, and the same per cent of the assessed valuation of the proposed incorporated city.

The Mills estate through its attorney recently had a strip of land around a portion of its property annexed to Burlingame. Millbrae's plan however, would take in all of the Mills estate, according to Branson.

Next step in the plan is for County Clerk William H. Augustus to verify the signatures and report within 30 days to the supervisors as to whether or not the signatures are sufficient. Then the board of supervisors will set the date for a public hearing on the proposal to be held in the courthouse within 60 days after the clerk's notification.

PUBLIC NOTICE

Norman S. Menifee, Atty.

Certificate of Individual Doing Business Under Fictitious Name—No. 1574

Know All Men by These Presents:

I, the undersigned, John T. Bolton, do hereby certify:

That my name in full is John T. Bolton, and that my place of residence is 442 Chatham Road, Burlingame, California.

That I am transacting business in the State of California under the name and style of Consolidated Engineering & Manufacturing Co., and that I am the sole owner and proprietor of said business; that the place where said business is carried on and conducted and my principal place of business under said name is Eighth Avenue and Dumbarton Lane, Redwood City, California.

In Witness Whereof, I have hereunto set my hand this 3rd day of September, 1946.

JOHN T. BOLTON

STATE OF CALIFORNIA } ss.
COUNTY OF SAN MATEO }

On this 3rd day of September, 1946, before me, Reta Osborn, a Notary Public in and for the County of San Mateo, State of California, residing therein, duly commissioned and sworn, personally appeared John T. Bolton, known to me to be the person whose name is subscribed to the within instrument, and he duly acknowledged to me that he executed the same.

In Witness Whereof, I have hereunto set my hand and affixed my official seal at my office in the County of San Mateo, the day and year in this certificate first above written.

(SEAL) RETA OSBORN, Notary Public in and for the County of San Mateo, State of California.

Norman S. Menifee, Andrew Building, Redwood City, Calif.

Lawrence in Miami, James Kenny Discharged

Aviation Radioman 3 C Paul N. Lawrence is serving with a navy weather unit at Masters Field, Miami. His job is to fly into the heart of approaching hurricanes to take data enabling the weather station to determine the course and severity of storms approaching the Atlantic coastline.

Lt. Comdr. James Kenny, husband of Claire Kenny, 534 King St., Redwood City, has been discharged from the navy according to a report from the separation center in San Francisco.

P.A. Bus Lines Sued in Accident

The Palo Alto City Bus Lines has been named defendant in a damage suit filed by Mrs. Belle Brown and her daughter, Ardis.

Mrs. Brown, in a complaint filed in San Mateo County Superior Court, charged the bus line with negligence in a traffic accident caused when she halted her car to talk to a hitchhiker sailor Sept. 4, 1945.

For the accident which occurred on Middlefield Rd., Mrs. Brown asks $10,66.67 damages for herself and $1020 for her daughter.

YMCA to Enter Unit In Chest Parade

J. C. Ferrell, parade chairman for the 1946 Redwood City Community Chest drive, announced Wednesday that YMCA will enter a marching unit. Groups from throughout the Sequoia district will be invited to participate, he said.

Other units already signed for the Sept. 28 parade are the Boy Scouts and the San Mateo County Horsemen's Assn.

Ferrell has been assured that the Sequoia Hospital Dist. will enter its float in the parade.

R. E. O'Brien Named To S.M. Radio Post

R. E. (Pat) O'Brien, San Mateo, who has been affiliated with several networks, will be one of the announcers at KVSM, new radio station in San Mateo which will broadcast its first program this month.

O'Brien, with a background of 10 years in radio work, will broadcast the station's Commuters' Club program, early morning presentation planned by the San Mateo County Broadcasters. He also will announce two newscasts over the station which will be heard at 1050 kilocycles.

County Building Permits Double Over Last Year

More than 300 building permits issued by the county last month boosted the 1946 construction total for unincorporated areas to $12,815,882—nearly twice the entire total for 1945.

County Bldg. Insp. A. W. Russell said that in August he collected $5859.55 in fees for 243 new residence permits valued at $1,680,300; 34 alteration permits at $57,530; and 42 non-residence permits at $139,780. Monthly total was $1,877,610.

Civil Service Tests Average One a Day

County civil service examinations, which began in June, now average one a day, and will continue until the middle of December when all of San Mateo County's 600 civil service employes will be classified.

Personnel Officer Russell J. Cooney disclosed the one-a-day average today in reporting progress of conversion to a civil service system which was adopted during the war, but which has been on a provisional basis.

Bee on Watch For Hit-Run Criminal

You gotta be bee careful driving with your car windows open these days.

A cut leg, a damaged automobile and a demolished electrolier in San Carlos this week testify to the power of the bee over human bee-ings.

Miss Uluani B. May, 5150 Cedar St., San Carlos lost control of her car and crashed into a lamp post at Cedar and Fairmont Aves. in San Carlos yesterday when a bee flew into her window. In the smash-up Miss May suffered cuts on her left leg, and was taken to Mills Memorial Hospital by the county ambulance, which appeared on the scene a few minutes behind the police car sent by Chief Edward J. Wheeler. She was released after emergency treatment.

Police say the criminal who caused the accident was wearing a yellow and black striped suit, carried a concealed weapon at the end of his spine, and made his getaway by air.

He's still on the loose, so beeware.

DOUBLE your enjoyment of September fruits and vegetables

Nature is generous in September. Fruits and vegetables now available at Safeway can give welcome variety to the meals you serve. But don't overlook the pleasure they can add to winter meals too. Prepare for tomorrow's enjoyment by canning your family's favorites *today*. Choose from our top quality assortment of produce. Replenish your canning supplies too. Fill pantry shelves with tempting jars of September fruits and vegetables.

Prices including produce, subject to stock on hand and price changes made necessary by market fluctuations or new regulations from OPA.

Pickles and relishes that are easy to make

One of the easiest of all canning jobs—and one that will bring just about the most pleasure during the winter months—is to make plenty of pickles and relishes. Here are two old favorites and another that's just a little out of the ordinary.

BREAD AND BUTTER PICKLES

2½ pounds small cucumbers (about 25)
2⅔ pounds medium-size onions (about 8)
1 quart vinegar
2 cups sugar
2 teaspoons celery seed
2 teaspoons tumeric
1 teaspoon dry mustard
½ cup salt

Wash cucumbers; slice; peel onions and slice. Soak separately overnight in cold water; drain. In large kettle combine remaining ingredients. Bring to boil. Pour over cucumbers and onions; let stand 1 hour; bring to boil. Boil 3 minutes. Pack into hot sterilized jars; seal at once. Makes 6 pints.

TOMATO-FRUIT CHILI

2 pounds peaches (about 6 large)
2 pounds pears (about 6 large)
2 pounds onions (about 6 medium-size)
2 buds garlic
¾ pound green peppers (about 3 large)
8½ pounds tomatoes (about 30 medium-size)
3 cups sugar
1 quart vinegar
1½ tbsps. allspice
1 tbsp. salt

Peel peaches, pears, and onions; chop. Seed green peppers; chop. Scald tomatoes; peel; chop. Mince garlic. In large kettle, combine all ingredients. Cook slowly about 2 hours, or until thick, stirring occasionally. Pour into hot sterilized jars; seal at once. Makes 8 pints.

ICE-WATER PICKLES

2¾ pounds 4-inch cucumbers (about 18)
1½ pounds onions (about 5 medium-size)
1 quart vinegar
1 cup sugar
¼ cup salt
1 tsp. mustard seed

Wash cucumbers; quarter lengthwise; cover with ice water; soak 2 hours. Slice onions; place in jars; pack cucumbers, lengthwise, in jars. Combine remaining ingredients; boil 1 minute. Pour immediately over cucumbers; seal at once. Makes 5 pints.
